**OUR CHURCH WOULD LIKE TO HELP** the newborns at Lakeland Hospital be warmly dressed when they leave the hospital. These are the babies of Medicaid mothers who can't afford this clothing. Some of these babies are going to foster care homes and need clothing. Our Sunday School classes will

be collecting flannel receiving blankets, newborn sleepers, onesies or t-shirts, and bootie socks. They may be new or gently used. We will wash them prior to packaging them in Ziploc bags that will include a card from our church. If you would like to donate money for us to purchase clothing, that would be fine. Please contact Helga Maier at 429-0735 if you have any questions. Donations will be accepted in the library. This will be an ongoing project of our church as the need arises.

**HOW CAN I THANK** a church family who continued to support Paul and me while we faced all his challenges in Florida? Thank you for the memorial service here. What a blessing you were to us. A special thank you to all the ladies who provided the delicious meal for us. God's love surrounds us as each of you minister to us.

Sharen Thierbach & family

**THANK YOU** for all the kind words, cards, and gifts in honor of Pastor Appreciation Month. We feel so blessed to serve along with you here at Napier.

Dan, Juleen, and Allison Golladay

**LORD WILLING, PASTOR HOSLER WILL TRAVEL** to Rostov in Russia to teach a college course to 25 advanced students in the subject of "Christian Ethics." Let us begin now to pray for his success and safety, and that God will provide the finances for this mission. Last year, Pastor felt that he had accomplished three years of work in two weeks. Rostov-na-Donu, also Rostov-on-Don, or Rostov, city, southwestern European Russia, capital of Rostov Oblast. Situated on a high bank of the Don River near its mouth on the Sea of Azov, the city is an important commercial, industrial, and transportation center. It is connected by a deepwater canal to the Sea of Azov, and by the Volga-Don Canal to the Caspian, Baltic, and White Seas. The city is also linked by pipeline with the petroleum fields of the Caucasus region. Manufactures include ships, chemicals, agricultural machinery, electric equipment, and building materials. Several institutions of higher learning, including a university and the North American Baptist Conference mobile Bible school, are in Rostov-na-Donu. In 1749, a customs office was established on the site of present-day Rostov-na-Donu. A fortress was built there in 1761, and in 1797 the settlement achieved city status. In the 19th century, it grew as an important trading port. During World War II, the city was held twice (1941, 1942-1943) by German forces and was damaged considerably. Population (1999 estimate) 1,005,800.
